## Pet Pal of the Month

Karen Campbell, a customer since early 2006, recently adopted **two St. Bernards** from Saints of the West Rescue! **Nine-year-old Mogul is blind because of neglect, and deaf due to age.** Now familiar with his new place, his favorite spots include an area of the backyard and his bed, where he stays the whole night. **Fumble is 4 years old and thinks he's a lap dog.** Very attached to Karen, he follows her everywhere, and can be found stationed at the door when she arrives home from work. His favorite spot is in the recliner, or on the couch, with Karen. The Wildside Salmon Treats from Pet Chef are his favorite treat! **Henry, her 12-year-old Toy Poodle,** who thinks he's a big dog, accepted these two gentle giants into the household, and his energy level has skyrocketed since they've arrived.

**Special Note:** There aren't many people who would adopt two St. Bernards, but when Karen heard they were related and had a special bond, she did, and now considers them a blessing.

Squeaky toys for all these happy dogs, and "kudos" to a very special lady, Karen Campbell!

## Pet Pointers

**Maggie, a 2 yr old Jack Russell Terrier,** has been with us now for three weeks.

She loves the backyard, playing with our dogs, ice cubes, jumping on Walt's lap, and sleeping in her crate at night. We are **fostering Maggie for the SPCA,** and would like to find someone interested in adopting her who is familiar with the breed, in a home with a fenced yard. She is doing very well in obedience class with Trainer Barry O'Dea, and now follows the commands "sit, stay, down, come", with and without the lead. Being abused and neglected, she is unsure around strangers, needs lots of positive reinforcement, and socialization. Please give us a call (827-2021), if interested, and would like to talk to us further about this terrific dog, or you can visit her at the Pet Chef shop during the week, too.

## **Paws to Read Fall/Winter Library Program**

If your child likes to read, or you'd like to introduce literacy to your child in a comfortable setting, please consider visiting one of the following libraries this fall. The **Paws to Read** therapy dogs will be there on Saturday (see the schedule below). Your child can cuddle up and enjoy some top-notch children's literature, beside a friendly dog and its owner. There is a selection of books for all reading levels. Upon reading the story, the book is given as a gift from the Paws to Read Program. Casey, our German-Shorthair Pointer will be at the So. Valley Library. There are a variety of breeds, all friendly with children.

### **Duncan Traner Library**

**Fridays 3:45 – 5:00**
